[improvebdcpprocessdraft112810.doc](#)

Don't remember if you saw this at the time that Maria drafted it. After state admin changed, feds were asked to think how process could be improved. Its pretty disturbing that they would need to even make some of these suggestions. Thought it would give you more insight into the situation the fish agencies are in.

Can one of you please forward this to the larger distribution list? I can't yet access it. Thanks

All – Here is an initial draft of assignment David handed me last Monday to get the ball rolling. Please provide comments by Thursday COB, if possible. I'll revise and send out again on Friday. I'd like to keep this fairly short and sweet.
